Groveland High School

The present site of Groveland High School was built in 1937 to accommodate three hundred (300) students. Since that time the school population has maintained a more or less steady increase and at present five hundred (500) students attend its Elementary and High School divisions.

Groveland High School has been accredited by the Southern Association of Colleges and Secondary Schools since 1926 and continues to prepare its students for college entrance and to take part in the business and social life of the community.

Dedication

In deep appreciation of the two years of service he has rendered as a Science and Math teacher, and intense interest he has taken in the Beta Club and our school, we, the Greenback Staff of 51-52, gratefully dedicate this annual to Earl W. Peck.

Class Prophecy

On this clear, bright day, November 4, 1962, I, Don Wynn walk down the streets of Grove and trying to find the paper boy so I can read the sports page.

Oh! There's Earl Ference with a paper, I'll just look on with him and save a half a dollar, the cost of a paper. Good morning Mayor, how's the family, mind if I look at the paper with you. The headlines read G. E. Mc GAFFNEY NAMED NATION'S MOST PERFECTLY DEVELOPED MAN, GRASS-SNAKES WIN! Coach Ray Sewell leads Conference with 7 straight wins, Sewell, All-American for three years and winning the title as 'The Toothless Power House'. There's a rather Topic, Stetson's Cap Gun, I meant 'Pistol Pete' (Virgil Harris). He was a running mate of the Mighty Sewell. He scored 117 points in nine games, but just think that was with a broken back and several head operations.

I also remember 'Butch' West was elected captain of the All-Southern team. He was one of the best, the easy-going brain of The University of Southern Science. He's now a bookkeeper at I remember right.

Aw! Mayor turn over to the society page. Flash-A-Diamond Bruner has just been robbed. She hired Noel, Sneezy Sam, Cain to hunt down the thief. I think it will turn out to be that good-free husband of hers.

Mary Helen's down the block. What's she doing. Oh! doing an old 1955 Oldsmobile. Wonder why she's doing that, maybe she don't want to get fat.

The town has really grown. Our class of '62 has helped out a lot. There's Shirley's Beauty Shop-- Buy Kinlaw Milk in back--her sign reads.

Speedy Conchey-Hearts Club Building is about the biggest thing in town, with I see Oswald Iverson, manager, owner and operator.

And Carolyn Carter's new theater, starring Janet Twack-A-Knack. I'll show you who would I HAVE THOUGHT IT --a story of how Jean Ellen Crawford set a new record of time to Lemmy and back.

Carolyn Jenkins just opened a permanent skating rink. She was in the 'Grass' business. And there's Virginia Bridges--just back in town. She is for the Grass-Snakes right or wrong. He is the coach, coach's wife and has started her own team. It takes a Lincoln to carry them all.

There's Turner Booth down the block, sitting in the shade taking life easy. He doesn't have to worry about income taxes what with dependents, and Madeirena-----what was her name. Oh! Jatt so (I forgot, it's been changed so long). I wonder how she supports that husband of hers. Here comes Emma (used to be Judy) with 1, 2, 3, 4, 5, and into the Post Office she goes hoping to get a letter from her man. Cornelia Patterson really looks important as state census-taker. By the way, she said Grove and has just reached the 10,000 count. Joyce, none other than the Ex-Joyce Hunt was elected the state's ideal housewife.

Mr Booth--I just can't keep up with, I think she's a nurse at Penitentiary Hospital.

John Ed Odum is the best farmer in Central Florida. The other day John Ed told me he crossed a red-bellied China hog and a rabbit. Believe it or not he said he got a salmon. He killed it because he expected a Henry J.

The last I heard from Earl Kinlaw was the day after graduation, heading to Maryville, Tennessee.

Goodbye,

Don Wynn

Senior History

Yes, it was September 8, 1901, and in the first grade the seed for the class of '02 plant was sown. This class of '02 plant had only three little roots—Shirley Kaulaw, Mary Helen Oyster and Clifford Gaffney.

In its second year of growth, another one was added—from Astoria came Jean Crawford. This quartet spent their third year undisturbed. The fourth year it had five roots—Edwina Judy joined it from Bay Lake.

This flourishing plant in its fifth year attracted everyone—from Winter Haven came a little seed, Virginia Bridges and another, Joyce Hart, came from Withlacoochee. Joyce Hart from Eagle Lake added more beauty to it. James, better known as "Batch" Weir wanted to give Clifford some competition.

Just one leaf was added the sixth year, Carolyn Painter joined the plant from Waterville, Kansas.

The first year of Junior High the plant met with a disaster. It might have been a Florida hurricane, but it wasn't. It was the graduates from Mascotte Grammar School. They were—Virg., Farrist, Don Wynn, Beverly Bruner, Norma Booth and Janet Tomlinson. Again it was served a horrible snow— from Orlando came Ray Sewell, and De Land sent Carolyn Jenkins for two years. Albany, Georgia, sent a tall and stalwart farmer, John Ed Odor. Then from Racine, Wisconsin, came the plants—**Italian touch, Madalena Jattuso.**

Suddenly, the class of '07 plant began to wilt. Beverly Bruner and Carolyn Painter shifted to Monteverde to spend their eighth year. **Carolyn Jenkins returned to De Land.**

Beverly Bruner and Carolyn Jenkins just couldn't stay away. They returned in the ninth year and added more life to the plant. Janet Tomlinson wandered over to Tampa for two years.

Ten years of growth and the plant was still growing and thriving beautifully. It received from Pennsylvania two fellows, Pittsburgh sent Earl Ference, and Philadelphia sent Noel Cain. Webster, Florida, sent two: **Cornelia Patterson and Turner Booth. (Who's following me?)**

A Junior plant now, and Janet Tomlinson returned from Tampa. This year the class of '10 plant presented a play, **"Aunt Cathie's Cat."** It was directed by Miss Virginia Sewell.

Seniors—Earl "Finney" Kaulaw, a lost member of the '01 'ers, retired from the Navy and joined the class of '12 plant. Carolyn Painter, back from Montverde, renewed her acquaintance again. With the addition of these two, which made a total of 24, the little plant finally reached maturity.

Yes, the little seed with the help and care of all the teachers along the way, grew and finally in '12, it bloomed for the first time.

Last Will And Testament
